Ban on entry of vehicles in Murree lifted

By Our Staff Reporter

RAWALPINDI: The district administration of Murree on Saturday lifted the ban on the entry of vehicles in the hill station, while electricity was restored in 76 per cent of the area with 60 per cent roads cleared of snow.

After two feet of snowfall on Friday, the district administration had imposed the ban on entry of vehicles. In the meanwhile, there was an electricity breakdown and Iesco managed to restore supply in 76 per cent areas of Murree on Saturday.

Talking to *Dawn*, Deputy Commissioner Murree Agha Zaheer Shirazi said that the ban was lifted early on Saturday morning.

He said all main roads in Murree were open while work continued to clear link roads of snow.

He said that the district administration was working in coordination with other departments to clear the roads.

He said more rain and snowfall was expected in coming days and the administration had made proper arrangements to tackle the situation.

The DC said there was no shortage of food and hospitals had already made arrangements for life saving drugs.

He said electricity breakdown occurred in Murree, but supply was restored in 76 per cent of area.

He said immediate reopening of roads after snowfall was the top priority of the administration, which was made possible through a timely and effective strategy.

He appealed to tourists to take precautionary measures during their journey, ensure the use of chains in their vehicles and fully cooperate with the administration and police.

According to the district administration, the influx of tourists continued in Murree and all relevant institutions were on alert so that any emergency situation can be dealt with immediately.

The areas where power supply has been restored were: Sunny Bank, Patriata, Upper Topa, TDCP and PAF, while 80 per cent areas in Kohala, 65 per cent in Barrian, 70 per cent areas in Numble, 30 per cent in Gharial and Dehla are still without electricity. Some areas of Kuldana, Company Bagh, Pindi Point, Berote, Patriata and Kotli Sattian were also without electricity.

Meanwhile, a National Highways and Motorway Police (NHMP) spokesperson said that the Murree Expressway had been opened to limited traffic due to an improvement in the weather conditions.

"However, due to the changing weather conditions and increasing rush, there is a possibility of closing the Expressway," the spokesperson added, requesting the public to avoid unnecessary travel.

He said that more rain and snowfall was predicted in Murree and Galiyat on Monday and Tuesday.

Meanwhile, the National Highway Authority (NHA) has restored the connectivity of national highways across the country despite challenges posed by heavy snowfall and an unprecedented influx of tourists.

Through proactive measures and round-the-clock field operations, the authority has ensured that major travel arteries remain safe and accessible for the general public, a statement issued by NHA here on Saturday said.

In the regions of Murree and Galiyat, the NHA staff and heavy machinery remained mobilised day and night to counter the effects of continuous snowfall. Despite the extraordinary influx of tourists, the Murree Expressway was kept open for all types of traffic.

To prevent accidents caused by slippery road surfaces, teams conducted regular salt sprinkling operations, successfully maintaining smooth traffic flow and ensuring the safety of travellers.

Regarding regional updates, the NHA confirmed that all national highways in Balochistan, Gilgit-Baltistan, and the Northern Areas are now fully clear for traffic.

Significant progress has been made on the N-25 at Khojak Top and the N-50 between Kan Mehtarzai and Muslim Bagh, where road access has been completely restored for commuters, the authority further said.

In Khyber Pakhtunkhwa, while the majority of the provincial road network is clear, intensive clearance activities are ongoing on the N-145 (Chitral–Garam Chashma Road).

Currently, the section from Chitral to Rogee is open for one-way traffic, while teams work tirelessly to clear multiple avalanches that occurred between Km 31 and 33.

While the stretch from Makardu to Gabor is fully restored, work continues on the Gabor–Saslaim section to clear remaining blockages.

Eight Attock colleges face outsourcing due to low enrollment

By Amjad Iqbal

TAXILA: An alarming collapse in student enrollment has pushed eight public sector colleges in Attock district to the verge of outsourcing, as the Punjab Education Department moves to stem mounting financial losses and revive institutions that have all but fallen silent.

According to education department sources, these colleges include Government Associate College, Chabb tehsil Jand, with just one student, Government Associate College, Bahtar tehsil Fatehjang with 25 students, Government Associate College, Fatehjang with 103 students, Government Shuja Khanzada Shaheed Associate College, tehsil Hazro with 150 students, Government Associate College, Jand city with 103 students, Government Associate College, Basal, tehsil Jand, with 53 students and Government Associate College, Pindigheb, Attock, with 110 students.

According to education department sources, the decision aims to improve educational standards, ensure efficient use of resources, and enhance institutional performance.

The sources informed that under the policy, colleges with significantly low admissions will be handed over to private management through a transparent outsourcing process.

An official of the Rawalpindi division colleges department told Dawnt that colleges failing to attract sufficient students will undergo administrative changes to improve their operational efficiency.

The goal, he said, is to revive underperforming colleges by introducing better management practices and increasing accountability.

He informed that the Punjab government is in the process of outsourcing or transferring the management of approximately 100-126 public colleges, prioritising those with low enrollment.

On the other hand, professors, lecturers and administrative staff of these colleges have opposed the government's plan to outsource its colleges.

They have opposed the decision to outsource colleges, saying that outsourcing will weaken the government education system.

Talking to a reporter, a senior professor, requesting not to be named, said that the government must recruit lecturers and fill all vacant seats, which will certainly restore the confidence of students and parents and enrollment will automatically be increased.

It may be recalled here that around 200 schools of Attock have already been outsourced to the private sector in the district of Attock in November 2024, while more than 5,000 schools are being outsourced across Punjab, putting the future of the students at stake.

Minister announces formation of 'Rawalpindi Tigers' cricket team

By Our Staff Reporter

RAWALPINDI: Federal Minister for Railways Hanif Abbasi on Saturday announced the formation of a cricket team named Rawalpindi Tigers, comprising youth from Rawalpindi, with trials scheduled to be held on February 14 and 15.

"Players with Rawalpindi domicile will be included in the team purely on the basis of merit, and this team will not only participate in the PSL but will also be developed as a world-class team," he said while addressing a press conference at his residence.

Accompanied by Lahore Qalandars Chief Executive Officer Atif Rana, the railways minister said the trials would be held on February 14 and 15. "Any youngster appearing in the trials will be selected on merit," he added.

He said the Lahore Qalandars CEO would guide the initiative.

He further stated that only youth with Rawalpindi domicile would be included in the Rawalpindi Tigers and that the team would participate in the Pakistan Super League (PSL).

Thanking the Lahore Qalandars CEO for visiting Rawalpindi, Mr Abbasi said the franchise had played an important role in promoting cricket among the youth.

"Pakistanis have a romance with cricket. We are announcing the formation of the Rawalpindi Tigers team, which will be developed as a world-class team," he said.

He said he had been a fan of Lahore Qalandars from the beginning.

"We have provided sports facilities to the youth of Rawalpindi in colleges and schools. We are providing a major platform to the youth purely on merit," he said, adding that the trials would be sponsored by Capital Smart City.

On the occasion, Lahore Qalandars CEO Atif Rana said he had a long-standing relationship with Hanif Abbasi, who had provided great support during Lahore Qalandars trials in the past. He also praised the cleanliness system in Rawalpindi.

He said Lahore Qalandars deserved credit for the Prime Minister's Youth Programme, under which trials were conducted for 300,000 children. He added that Hanif Abbasi was providing facilities to the youth while serving the public.

"We will conduct trials in Rawalpindi before the PSL auction. We have teams in every area and school of Rawalpindi," he said, adding that all trials would be conducted on merit and talent would be introduced to the world.

He said a development squad would be called from outside to train the players. "Initially, a Rawalpindi Tigers club will be formed, and 20 players will be selected in the first phase," he added.

Rain brightens hope for bumper wheat crop in Potohar region

Farmers complain of fertiliser shortage

By Hamid Asghar

GUJAR KHAN: The recent rain spell brightens hope for wheat and mustard crops in the arid areas of Potohar but non-availability of fertilisers has dampened the farmers happiness.

Agriculture in Potohar areas of Gujar Khan, Sohawa, Chakwal, Kallar Syedan, Kahuta are largely dependent on rainfall before and after the sowing of wheat, corns and ground nuts seeds.

With the already lowering of market price of wheat grains the farmers in the region are unhappy with high costs of fertilizers.

Raja Zain ul Abideen, a prominent farmer of Gujar Khan giving the details said that in the Arid areas of Potohar region the land requires four to five times ploughing and per hour per hectare costs Rs15,000.

He said that a bag of DAP fertilizers at the time of sowing wheat, costs Rs17,000, while Rs2000 are spent on pesticides spraying on crops , and before bearing grains Urea fertilizers are required and a bag costs Rs4,500 and according to him now a days artificial shortage created by profiteers has raised its prices in black market up to Rs5,000 , and according to these farmers they are running here and there to manage it at every cost to get boost in yields while profiteers are charging extra money on delivery.

Raja Zain said that harvesting, thrashing and transport of chaff and grain to the cellars also cost a lot and at the end of the harvesting the farmers are left with pangs on controlled rates at the time of marketing.

Chaudhry Rab Nawaz, another farmer pointed out that last year the prices at marketing time were lowered up to Rs3,000 and now the flour was being sold at Rs5,000 to Rs6,000 per maund.

They said that lowering prices of wheat in disparity with the expenses was discouraging the wheat growers in Potohar.

They pointed out that due to setbacks in selling price the farmers were switching to ground nuts and delays in rains at the time of sowing wheat, the ground nut growing lands were left empty and this time produce of wheat is likely to suffer in this region.

The farmers have urged the Punjabchief minister and the prime minister to take notice of the shortage and black marketing of fertilisers and fix the prices of the wheat at the gross marketing time according to expenses on the wheat growing to boost cultivation of this crop.
